

WorldFest-Houston Poster & Merchandise Order Form

All posters are printed on heavy, acid-free 10 pt. chrome-coat paper, 24"x36", four/five color litho, except for the 1989 poster which is black & white & silver. All are limited edition of 1,000, (not numbered), suitable for framing and were all created exclusively for WorldFest-Houston. We hate to call them posters, as they are really fine art prints. The Matt Groening, Al Hirschfeld, Chuck Jones and Leroy Neiman posters are available only through WorldFest. They are shipped rolled in a heavy tube, via Priority Mail, registered, unless you provide a FedEx account number.
